

Kursy/n English First/ Ploxad Lenina

Eventually, you will completely discover a additional experience and expertise by spending more cash. yet when? do you put up with that you require to acquire those all needs later having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to comprehend even more going on for the globe, experience, some places, taking into account history, amusement, and a lot more?

It is your extremely own period to ham it up reviewing habit. in the course of guides you could enjoy now is **kursy/n english first/ ploxad lenina** below.

The Soviet Experiment Ronald Grigor Suny 2011 Focusing on the eras of Lenin, Stalin, Gorbachev, and Yeltsin, a multi-layered account of the rise and fall of the Soviet Union chronicles and analyzes the Soviet experiment from the tsar to the first president of the Russian republic. UP.

Church, Nation and State in Russia and Ukraine Geoffrey A. Hosking 1991-09-23 The opportunities opened up by the Gorbachev reforms have shown that religion is one of the most significant dynamic forces in Soviet society. Yet few scholars have attempted to relate the study of churches and religious movements in recent centuries to the politics and culture of the Soviet Union. To remedy this deficiency, leading western experts on Christianity in the Eastern Slav lands gathered at a conference in London on the occasion of the millennium of the baptism of Rus'. Their papers present unexpected and fascinating insights into an under-rated but crucial aspect of the life of the Soviet peoples.

Vekhi Nikolei Berdiaev 2016-09-16 A collection of essays first published in Moscow in 1909. Writing from various points of view, the authors reflect the diverse experiences of Russia's failed 1905 revolution. Condemned by Lenin and rediscovered by dissidents, this translation has relevance for discussions on contemporary Russia.

Russian Futurism: A History Vladimir Markov 1968

Patronal Politics Henry E. Hale 2014-10-31 This book proposes a new way of understanding events throughout the world that are usually interpreted as democratization, rising authoritarianism, or revolution. Where the rule of law is weak and corruption pervasive, what may appear to be democratic or authoritarian breakthroughs are often just regular, predictable phases in longer-term cyclic dynamics - patronal politics. This is shown through in-depth narratives of the post-1991 political history of all post-Soviet polities that are not in the European Union. This book also includes chapters on czarist and Soviet history and on global patterns.

Soviet Economic Development from Lenin to Khrushchev Robert William Davies 1998-03-28 This book provides a comprehensive survey of Soviet economic development from 1917 to 1965 in the context of the pre-revolutionary economy. In these years the Soviet Union negotiated the first stages of modern industrialisation and then, after the defeat of Nazi Germany and its allies, emerged as one of the two world superpowers. This was also the first attempt to construct a planned socialist order. These developments resulted in great economic achievements at great human cost. Using the results of recent Russian and Western research, Professor Davies discusses the inherent faults and strengths of the system, and pays particular attention to the major controversies. Was the Russian Revolution doomed to failure from the outset? Could the mixed economy of the 1920s have led to a democratic socialist economy? What was the influence of Soviet economic development on the rest of the world?

European Ungulates and Their Management in the 21st Century Marco Apollonio 2010-02-04 The first book to summarise management objectives for ungulates across Europe.

Irina Nakhova - The Green Pavilion Margarita Tupitsyn 2015

Soviet Critical Design Tom Cubbin 2018-12-13 Soviet Critical Design is the first monograph to explore the socialist design practice of 'artistic projectengineering', which was developed by the USSR's Senezh Experimental Studio in the 1960s. Tom Cubbin first examines the studio as a site for the development of the design discipline in the optimistic environment of the Soviet Thaw of the 1960s. He then explores how designers adapted to new realities of the Soviet Union of the 1970s and 80s. Over two decades, designers at the studio worked on critical projects that highlighted how the Soviet state's treatment of citizens, urban heritage and the environment was manifest in daily life. Drawing on previously unpublished visual material from private archives and also extensive interviews, this book presents a new history of the late socialist period in the USSR, which gives insight into the creative strategies of designers who engaged their practice as a contribution to broader discussions on alternative models for socialist existence. Overall, it argues that artistic projectengineering must be read as a utopian activity which privileged the political and ideological over the functional.

Stalin on Lenin Joseph Stalin 2004-06-01 A collection of articles, speeches, letters, and quotations on Vladimir I. Lenin by Joseph Stalin - with a number of interesting illustrations.

The Revival of the Russian Literary Avant-garde Irene Kolchinsky 2001 This study is devoted to the authors who began the revival of the Russian avantgarde tradition, which was suppressed by the Soviet authorities in the 1930s. Most of them emerged from obscurity in the early 1990s. This book aims to fill in gaps in the scholarship on the Russian literary avantgarde during its least investigated period.

The Encyclopaedia Britannica: A Dictionary Of Arts, Sciences, And General Literature; Anonymous 2019-03-21 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. Russian Entrepreneur Charles A. Ruud 1990 Not only did Sytin build Sytin and Co. into the largest publishing concern in Russia prior to the Revolution, he also transformed Russian Word from an obscure, conservative newspaper into Russia's leading daily, with a circulation of over one million copies in 1917. Ruud (history, U. of Western Ontario) brings Sytin to the forefront of the enterprising capitalists of his time, a group that significantly influenced the degree to which the modernization of methods and technology transformed Russia before the Revolution. Stalin's Quest for Gold Elena Osokina 2021-09-15 Stalin's Quest for Gold tells the story of Torgsin, a chain of retail shops established in 1930 with the aim of raising the hard currency needed to finance the USSR's ambitious industrialization program. At a time of desperate scarcity, Torgsin had access to the country's best foodstuffs and goods. Initially, only foreigners were allowed to shop in Torgsin, but the acute demand for hard-currency revenues forced Stalin to open Torgsin to Soviet citizens who could exchange tsarist gold coins and objects made of precious metals and gemstones, as well as foreign monies, for foods and goods in its shops. Through her analysis of the large-scale, state-run entrepreneurship represented by Torgsin, Elena Osokina highlights the complexity and contradictions of Stalinism. Driven by the state's hunger for gold and the people's starvation, Torgsin rejected Marxist postulates of the socialist political economy: the notorious class approach and the state hard-currency monopoly. In its pursuit for gold, Torgsin advertised in the capitalist West, encouraging foreigners to purchase goods for their relatives in the USSR; and its seaport shops and restaurants operated semilegally as brothels, inducing foreign sailors to spend hard currency for Soviet industrialization. Examining Torgsin from multiple perspectives—economic expediency, state and police surveillance, consumerism, even interior design and personnel—Stalin's Quest for Gold radically transforms the stereotypical view of the

Soviet economy and enriches our understanding of everyday life in Stalin's Russia.

The Decembrist Myth in Russian Culture L. Trigos 2009-12-21 This book is the first interdisciplinary treatment of the cultural significance of the Decembrists' mythic image in Russian literature, history, film and opera in a survey of its deployment as cultural trope since the original 1825 rebellion and through the present day.

1989 Mary Elise Sarotte 2014-10-19 How the political events of 1989 shaped Europe after the Cold War 1989 explores the momentous events following the fall of the Berlin Wall and the effects they have had on our world ever since. Based on documents, interviews, and television broadcasts from Washington, London, Paris, Bonn, Berlin, Warsaw, Moscow, and a dozen other locations, 1989 describes how Germany unified, NATO expansion began, and Russia got left on the periphery of the new Europe. This updated edition contains a new afterword with the most recent evidence on the 1990 origins of NATO's post-Cold War expansion.

The Theory of the Avant-garde Renato Poggioli 1981 Convinced that all aspects of modern culture have been affected by avant-garde art, Poggioli explores the relationship between the avant-garde and civilization. Historical parallels and modern examples from all the arts are used to show how the avant-garde is both symptom and cause of many major extra-aesthetic trends of our time, and that the contemporary avant-garde is the sole and authentic one.

Foundations of a Planned Economy, 1926-1929 Edward Hallett Carr 1971

Epokhi 1892

Times of Trouble Marcus C. Levitt 2007 From the country that has added to our vocabulary such colorful terms as "purges," "pogroms," and "gulag," this collection investigates the conspicuous marks of violence in Russian history and culture. Russians and non-Russians alike have long debated the reasons for this endemic violence. Some have cited Russia's huge size, unforgiving climate, and exposed geographical position as formative in its national character, making invasion easy and order difficult. Others have fixed the blame on cultural and religious traditions that spurred internecine violence or on despotic rulers or unfortunate episodes in the nation's history, such as the Mongol invasion, the rule of Ivan the Terrible, or the "Red Terror" of the revolution. Even in contemporary Russia, the specter of violence continues, from widespread mistreatment of women to racial antagonism, the product of a frustrated nationalism that manifests itself in such phenomena as the wars in Chechnya. Times of Trouble is the first in English to explore the problem of violence in Russia. From a variety of perspectives, essays investigate Russian history as well as depictions of violence in the visual arts and in literature, including the works of Fyodor Dostoevsky, Isaac Babel, Mikhail Lermontov, and Nina Sadur. From the Mongol invasion to the present day, topics include the gulag, genocide, violence against women, anti-Semitism, and terrorism as a tool of revolution.

Women Workers in the Soviet Interwar Economy Melanie Ilič 1999 Analyses changes in official policy towards protective labor legislation for women workers in the Soviet Union in the period 1917-41.

Science Policy in the USSR Eugène Zaleski 1969 Study initiated by OECD.

Art Incorporated Julian Stallabrass 2004 Tunnels and sculptures made from human hair; photos of rats running through drains, sharks in formaldehyde - is this what art is about today? This is a controversial and fascinating attempt to define what is 'contemporary' about contemporary art, and the dramatic changes that have taken place in the last twenty years. Stallabrass reveals the growing inclusiveness of the contemporary art world, pointing to the greatly increased visibility for women and non-western artists, and the blurring of boundaries between art and other areas of culture. Does this modernization threaten to undermine the world of art as we know it, or is this just another example of a global market demanding a certain product? And where are the artists in all this?

The Decembrist Movement Marc Raeff 1966 Translated materials related to the secret societies that led an abortive revolt against Nicholas I on December 14, 1825.

The Total Art of Stalinism Boris Groys 2011-08-08 From the ruins of communism, Boris Groys emerges to provoke our interest in the aesthetic goals pursued with such catastrophic consequences by its founders. Interpreting totalitarian art and literature in the context of cultural history, this brilliant essay likens totalitarian aims to the modernists' goal of producing world-transformative art. In this new edition, Groys revisits the debate that the book has stimulated since its first publication.

Soviet History in the Yeltsin Era R. W. Davies 1997-06-12 Russian rethinking of the past has immense political significance. The author of the acclaimed Soviet History in the Gorbachev Revolution now examines the impact of the collapse of Communism and of the subsequent disillusionment with capitalism on Soviet history. The uses of history after the 1991 coup and in the 1995 and 1996 elections are considered in detail. Part two evaluates the unfinished revolution which has partly opened the archives, while part three offers reflections on the future of the Soviet past.

Russian Messianism Peter J. S. Duncan 2002-11-01 This is the first book in English for half a century to examine the complexities of Russian messianism, both as a whole and in its interaction with Communism. Peter Duncan considers its Orthodox roots and focuses on Russia's geopolitical experience and situation to explain the endurance of this phenomenon.

The Leader Cult in Communist Dictatorships B. Apor 2004-10-09 The first book to analyze the distinct leader cults that flourished in the era of 'High Stalinism' as an integral part of the system of dictatorial rule in the Soviet Union and Eastern Europe. Fifteen studies explore the way in which these cults were established, their function and operation, their dissemination and reception, the place of the cults in art and literature, the exportation of the Stalin cult and its implantment in the communist states of Eastern Europe, and the impact which de-Stalinisation had on these cults.

The Future of the Soviet Past Anton Weiss-Wendt 2021-10-05 In post-Soviet Russia, there is a persistent trend to repress, control, or even co-opt national history. By reshaping memory to suit a politically convenient narrative, Russia has fashioned a good future out of a "bad past." While Putin's regime has acquired nearly complete control over interpretations of the past, The Future of the Soviet Past reveals that Russia's inability to fully rewrite its Soviet history plays an essential part in its current political agenda. Diverse contributors consider the many ways in which public narrative shapes Russian culture—from cinema, television, and music to museums, legislature, and education—as well as how patriotism reflected in these forms of culture implies a casual acceptance of the valorization of Stalin and his role in World War II. The Future of the Soviet Past provides effective and nuanced examples of how Russia has reimagined its Soviet history as well as how that past still influences Russia's policymaking.

The Stalin Cult Jan Plamper 2012-01-17 Between the late 1920s and the early 1950s, one of the most persuasive personality cults of all times saturated Soviet public space with images of Stalin. A torrent of portraits, posters, statues, films, plays, songs, and poems galvanized the Soviet population and inspired leftist activists around the world. In the first book to examine the cultural products and production methods of the Stalin cult, Jan Plamper reconstructs a hidden history linking artists, party patrons, state functionaries, and ultimately Stalin himself in the alchemical project that transformed a pock-marked Georgian into the embodiment of global communism. Departing from interpretations of the Stalin cult as an outgrowth of Russian mysticism or Stalin's psychopathology, Plamper establishes the cult's context within a broader international history of modern personality cults constructed around Napoleon III, Mussolini, Hitler, and Mao. Drawing upon evidence from previously inaccessible Russian archives, Plamper's lavishly illustrated and accessibly written study will appeal to anyone interested in twentieth-century history, visual studies, the politics of representation, dictator biography, socialist realism, and real socialism.

The Swiss Family Robinson (Diversion Illustrated Classics) Johann David Wyss 2016-06-28 A beloved adventure classic, *The Swiss Family Robinson* is a tale of courage in the face of the unknown that has endured the test of time. Trapped on a remote island after a storm leaves them shipwrecked, a Swiss pastor, his wife, and their four sons must pull together if they want to survive. Hunting, farming, and exploring a strange land for the first time, each son not only tests his own bravery, but discovers a skill all his own as they each adapt to this new, wild place. Full of wonder, revelation, and invention, this timeless adventure story has sparked imaginations of readers young and old for generations. Featuring an appendix of discussion questions, this Diversion Classics edition is ideal for use in book groups and classrooms.
